UNITS 1-6

Classes are taught by a deaf instructor, students will learn about Deaf Culture and how to carry on an everyday conversation with deaf individuals. Role playing and games designed to teach basic signs are used as tools. By the end of class, a sampling of the skills you will learn are: Manual Alphabet, numbers, introducing yourself and exchanging personal information. Level 2 builds on what was learned in Level 1 and continues with talking about family, discussing the home and office, and more. It is highly recommended to take Level 2. Students must pass Level 1 first prior to taking level 2 or have permission of the instructor.

All classes held at Deaf Independent Living Association, 806 Snow Hill Road, Salisbury, Maryland
